

## Customs & Immigration | Bonded Warehouse or Bonded Zone

The Indonesian Director-General of Customs and Excise oversees special customs zones whereby certain imported goods may be packed, repacked, sorted, consolidated, separated, and adjusted before being re-exported within a period of time without being subject to import duties and taxes. Manufacturing, heavy equipment, mining, oil and gas, and other industries that import materials for re-export may take advantage of this exemption facility.

Contact one of our associates at Prudenta Business Advisory for assistance Customs & Immigration services, including:
